ADITI has continued to have the launching function, Dr. B.S.Shetty after releasing the second call brochure at Ahmedabad, addressing the large gathering expressed his vision on Expodental. The Expodental is expected to grow to a great heights in the days to come. This should be exhibition on par with any of the Industries Exhibition or IT Exhibition, where national and international people take the benefit out of it. He also made his things clear. This exhibition is not in competition with any other Exhibition. Even he expressed his whole hearted support for all the Dental Speciality. The total idea is the Dental fraternity should grow. Large number of International Traders will visit India and decide their future course of business, by way of collaboration and Manufacturer in India are establishing trade.

Dr. Shetty invited each and everyone to take best advantage of this Mega Event in deciding their Annual Purchase and also know the technology in Equipments/materials.

Indian Delegation Visits EXPODENTAL , Milan
